OUTDOOR COLLECTION

# A NEW ERA FOR OUTDOOR LIVING

---

Thibault Van Renne is a haute-couture carpet design studio. Renowned for unique designs combining tradition and contemporary design, attention to detail and expertise in subtle color combinations, the studio elevates the design of the contemporary rug.

In 2014 TVR was nominated for best innovation in the international carpet design awards with the first hand knotted carpet in the world for outdoor. Now, almost a decade and many years of research later, **TVR is back with outdoor carpets.** Only this time, they are here to stay, in a future evolution for the brand including outdoor furniture, TVR is ready to fill the demand for the outdoor rugs. From indoor hand made in India , to outdoor hand made in Italy. Always aiming for legendary, indoor and outdoor. Using a patented material

with unique properties that had never been seen in 2014, and improved up until today, making sure **your carpet can stay outdoors 24/7 in any weather conditions with no issue for discoloration or staining.** Offering a wide array of options in customization and coloration, and a fast delivery time, TVR outdoor rugs are ready for the future.

Following a family tradition, Thibault Van Renne, established the brand in 2006, and since then has successfully challenged the notion of the rug through innovation, unique artistic designs, and by employing an ethical and fully transparent craftsmanship process. Today the Van Renne carpets complete fine homes from European royalty to penthouses of the Far Orient. The Outdoor collections are only a logical evolution for the future.

OUTDOOR FURNITURE THAT  
WITHSTANDS THE TEST  
OF NATURE'S ELEMENTS.  
TIMELESS DESIGN, SUBTLE  
COLOR COMBINATIONS AND  
FUNKY COLORED ACCESSORIES.

# THE HIGHEST QUALITY STANDARD

QUALITY

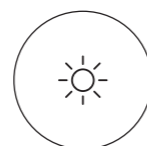

## WATER ABSORPTION

Proven by research, the absorption of water is negligible at 0,13% and therefore no more need to worry about leaving furniture or rugs outside in rainy conditions.

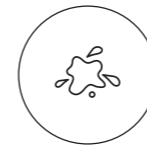

## WEAR AND TEAR

Resistance to abrasion, tear and a high dry and wet rubbing color fastness, provides an ultra strong quality for usage of any kind and an unseen longevity.

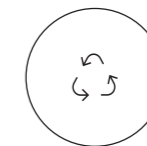

## UV PROTECTION

Resistance to UV light receives highest scientific test-score of any outdoor fibre, This offers a solution for very sunlit locations.

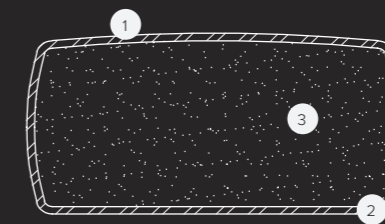

## RESISTANCE TO LIQUIDS

A total blockage against any effects of liquids makes our fiber ultra resistant to persistent stains. Even swimming pool water or sunscreen have no effect on the fiber so you can enjoy your sunny days by the pool without any worry.

## 100% RECYCLABLE

The revolutionary properties of our synthetic yarn allow it to be recycled fully. Also our production itself uses recycled materials.

1. Water repellent fabric
2. Zipper + velcro
3. Filler: 60% EPS spheres  
20% PES fiber  
20% EPU chips

What is important to know is that we use a mix of 3 materials as a filler: Polistirene balls, PES fiber and chips of memory foam in different proportions. The white PES fabrics that contains the filler is of 2 types: Top and bottom are made with LAMINATED WATER-REPELLENT FABRIC – to protect better from water and humidity. The sides are made with WATER-REPELLENT FABRIC – to keep the product “breathable”.

# LANTERN

## SMALL, MEDIUM & LARGE

Introducing our latest creation, the TVR Lantern, an exquisite accessory designed to elevate your outdoor ambiance. Crafted with an aluminum shell, this lantern is enveloped in the same high-quality outdoor fabric ensuring both durability and style. At the heart of the lantern sits an LED light, positioned on the top interior. Powered by a rechargeable battery (USB), this light illuminates your surroundings for a remarkable 8 hours, allowing you to enjoy a delightful evening on your terrace with friends. Its warm glow creates a captivating atmosphere, reminiscent of antique lanterns, while maintaining a sleek and modern aesthetic that seamlessly complements our outdoor furniture range.

Built to withstand the elements, the TVR Lantern is entirely waterproof, just like our other outdoor furniture elements and rugs. Rain or shine, you can confidently leave it outdoors, knowing it will maintain its impeccable charm and functionality. With its timeless design and exceptional performance, this lantern is the perfect addition to enhance any outdoor space, effortlessly blending style and practicality. Elevate your outdoor experience with the TVR Lantern. Let its enchanting light guide your evenings, creating unforgettable memories in the embrace of your beautifully designed outdoor oasis.

## MEET THE DESIGNER

As the son of a carpet dealer, Thibault Van Renne has travelled to the Middle East since childhood, looking for unique pieces. This aesthete par excellence grew up under the sign of craft and refinement. In 2006, Thibault Van Renne launched an eponymous label for luxury carpets that revolutionized the market: unparalleled patterns and colors create a bridge between past and present, totally obliterating prevailing views on carpet from the collective memory. His carpets are there to prove that computer technology and pure craft are indeed compatible.

Thibault Van Renne doesn't just propose design; he is above all a designer. He draws inspiration from interior design trends, as well as from the art and fashion scene. His creations are invariably made from natural materials and manufactured by skilled weavers in the Middle East. They meet the highest quality standards. With his support to the organization "Care & Fair", Thibault Van Renne shows his commitment to corporate social responsibility, as well as sustainability offering a 100% biological washing process using sapindus soap nuts. He has already clinched four nominations for the prestigious Carpet Design Awards: three in the category Best Innovation and once for best traditional collection.

Today, TVR has become a well established and known brand worldwide. After an increasing demand for outdoor carpets, and seeing a gap in the market, TVR now provides hand made outdoor rugs and furniture, both custom made.
